

**Here are just a few of the highlights
from
Tudor CE Primary School from the
Autumn Term 2018.**

Eco-Friends.

Our Eco-society has elected another committee to stand for the term. They have had a very busy start to the year and were delighted to win Sudbury in Bloom this year in recognition for their work in encouraging bees to visit the flower beds, acknowledging the very important work bees do to keep our wildlife thriving.

We won among other things a wildlife camera through which we hope to view birds nesting and hedgehogs nesting also on a TV screen in school.

Cathedral Display.

We displayed some of our artwork in the Cathedral in Bury this year along with other church schools in Suffolk.

In keeping with our eco-friends this had a 'bee' theme.

Children in Early Years are learning their numbers through Number Blocks this term and having great fun!

Reading Gladiators.

Children from year 4 and year 6 have started a reading group called Reading Gladiators. They enjoy meeting weekly to read their book together and talk about the themes and characters. They have a display in the corridor which they add to as they go along.

This is their display board.

History Off The Page

The children in upper key stage 2 enjoyed a viking day experinece completel with warrior training and a camp fire.

They even made their own wax candles.

History Comes Alive For Lower Key Stage 2.

The children from year 3 and 4 started their topic also with a visit from the Victorian team. They enjoyed being milk maids, butlers, school teachers, governesses, gardeners, cooks and parlour maids.

The children enjoyed making longboat ships as part of this topic during their DT lessons.

Christmas Farmers Market.

We held our Christmas Framers market here in school. The children spend the day making things to sell in the afternoon/evening and the money raised is used to subsidise trips out during the year.

We try very hard to make the products as high a quality as we possibly can and are very grateful for the wonderful support of our parents.

Maths Outdoors.

The staff enjoyed a staff meeting where we were presented with the benefits of working outside with young children and after this we have all worked outside for some lessons including maths and science.

Remembrance Day

We were proud to lay our school wreath during the Remembrance Day service at St Gregory's church and to take part in the centenary concert at OSA a week later. Our reflective area in school was decorated with many poppies made from recycling plastic bottles.

The children from year 4 presented a musical assembly which the parents attended. We heard the children playing their cellos and violins along with some other children learning to play the piano, flute and guitar!

This is them practising very hard!

We started an 'After School Club' which runs from 3.10pm until 6pm each school night. We are delighted with how this is going and that it can help out families where the parents need to work beyond the end of the school day.

The children enjoy snacks, sports with our sports coach, reading and crafts and tea around 4.30pm.

Thorpe Woodlands Trip

The children in year 6 have enjoyed their 3 day residential trip to Thorpe Woodlands this term.

They had great fun as well as pushing themselves beyond their comfort zone and trying something new and challenging.

School Choir.

Our school choir has made many appearances this term especially in the run up to Christmas. We have sung at local churches, fetes, supermarkets and also at other parish churches after they asked if we could sing at their carol services. They sound very tuneful and many people compliment them on their enthusiasm and talent. Many thanks to Miss Dixey for all her hard work in this.
