

The Association of Bramfield, Brampton and Ringsfield Church of England Schools

Safety Week

During the second half of the autumn term we held a safety week to help us learn how to identify rules for keeping safe in a range of familiar situations, such as on the roads, around railways, near water or electricity.

The aim of the week was to be able to describe the things they can do in school or at home to keep themselves and others safe.

Junior Road Safety Officers.

The JRSO lead a workshop using Google meet with whole school on road safety. At the end of the workshop they launched a road safety competition

Fire Safety Wardens.

Our fire safety group created their own presentation on fire safety that they shared with the whole school using Google meet. There were lots of opportunities for classes to have discussions about fire safety and ask our fire safety group questions.
