

Chelmondiston Church of England Primary School

What we nourish today, will flourish tomorrow

At Chelmondiston CofE Primary we are fortunate to have a vibrant and supportive community where every child thrives, not only from making progress in the classroom but also by showcasing their outdoor forest school skills, athletic abilities and musical talents too! And so far, what an amazing summer term we've had!

Our highly anticipated annual sports day began with the Year 6 pupils organising Years 3, 4 and 5 for the KS2 athletics morning where Year 6 excelled in their organisational skills. The older pupils were encouraging, positive and fantastic role models.

The sun shone for our family picnics on the field followed by our whole school sports afternoon, which was once again truly well supported. Pupils showed determination, speed, agility and team work. The winning house team, Winter, completed the afternoon with a celebratory lap of the track waving their flag high.

Handwriting competition winners!

As a school we are always working to improve the quality of our writing - this includes spelling, grammar, vocabulary use and content. It is important to celebrate the skill of mastering neat and fluent handwriting and the standard was incredibly high, making it a tough task for the judging panel of teachers.

Winners from each year group were announced in assembly, where they received certificates and a round of applause from

classmates and staff. In the digital world we live in today, writing is still very much alive and valued.

MC Grammar

Another major highlight was our fantastic time with MC Grammar! With pupils being divided into four groups, the Glastonbury and international performer brought grammar learning to life

and it was wonderful to see everyone having such a fun experience – dancing, laughing and rapping. This was possible due to the strong support through crowd funding, of our PTA, parents and carers alike.

Chelmo' Summer Fete

Our PTA team organised a fantastic summer fete that was so well supported by our entire community and full of a wide range of stalls, an auction and a Bake Off competition. It was another example of excellent team work and a positive spirit and all to support our children to have a broad range of exciting and enhancing experiences.

A highlight of the fundraising was seeing our Headteacher take on the ultimate challenge of the gunge gallows – in the build up to the fete, children chose which tub to put their loose change – Mr McGinn didn't

even come close!

Working garden party

The school community came together once more for another special garden working party. Parents, carers, our local Horticultural Society, staff and children rolled up their sleeves for an afternoon of digging, planting and tidying of our much-loved school garden areas. The Horticultural Society gave each pupil a sun flower seed, which they planted around our sports court.
