

News from Hintlesham and Chattisham C of E Primary School

Coronation Excitement

Our Coronation celebrations began with all of the children coming to school wearing a red, white and blue theme. This was followed by some Coronation themed activities including making bunting which was donated to the village event at the weekend. This was followed by a whole school Coronation tea party. Thank you to all of the parents and carers who donated so much amazing food to allow us to provide this memorable event for all of the children.

Competition Success

Mrs Death has been busy entering competitions on behalf of the school and we have won two of them!

The first was a fabulous prize of £2000 worth of books and a Scientific pack which included a microphone and microscope. We have added a sticker to the reverse of these books to identify them, so watch out for this with the books your child brings home.

We have also asked the children to complete a book review to make recommendations to their friends and to provide feedback to the company. We have been impressed with the variety of both fiction and nonfiction books as well as books that we can use as a focus for the whole school in Collective Worship.

The second competition was for five broad leafed trees and ninety hedgerow whips which we have planted in either tubs or out in the grounds under the guidance of Mary Williams.

Community

As part of our wider curriculum offer in school we feel it is important to take part in, and to support, local events. We were invited to submit education entries to both the Suffolk and Hadleigh Shows.

The Hadleigh Show saw great excitement from all classes as EYFS, KS1 and KS2 had their own criteria. EYFS, as part of their Forest school work constructed a bug hotel, KS1 made a giant poster and KS2 made moving scarecrows using cam mechanisms. The entries for this show are entered into a competition and we were lucky enough to be awarded two 2nd prizes.

The Suffolk Show asked for a whole school art entry in the theme of a sea creature, including recycling, so a Rainbow Trout was made.
