

SPROUGHTON C of E PRIMARY SCHOOL

Let your light shine - MATTHEW 5:16

We are artists! This spring term, the pupils of Sproughton Primary have been building on their knowledge of artists and developing their painting skills in art and design. Firstly, they are 'inspired', then they learn a 'technique' before 'creating' their own masterpieces!

The Explorers class develop their fine motor skills and mark making to create self-portraits (pictured above).

The Pathfinders class are inspired by Romare Bearden to create textures and effects with paint on paper before using this paper to collage portraits of loved ones (pictured left).

The Adventurers class developed their knowledge of shading and how to create light and dark using paint (pictured right).

The Navigators class were inspired by a range of artists and created a number of self-portraits using a variety of techniques (pictured below and below right).
