

Summer 2023

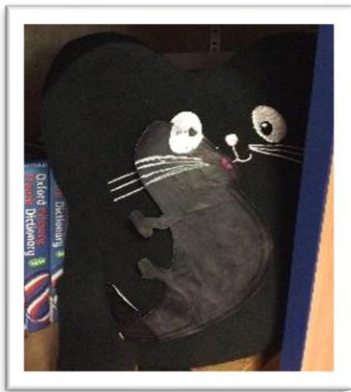

Intergenerational Learning

This term, children in Foundation Stage have been taking part in an intergenerational dance project with the residents of Seckford Almshouse which has been co-ordinated by our dance teacher, Sam Moss. It has been a very special project for all involved.

Science Day

Everyone took part in a whole school science project. Children had to design a chameleon that would be invisible to prey. This was part of the children's learning about animals and their habitats. We were so impressed by the children's creativity and many are so well camouflaged that still have not been discovered!

PGL Trip

Our Year 6 pupils had a fantastic residential trip to PGL Bawdsey. It was wonderful to see their great team work and perseverance.

Matilda and Maisie

Meet our new school pets, Matilda and Maisie. Not only are they helping to enrich our science learning, they are also attending nurture sessions and reading sessions.
