

Tudor Church of England Primary School

'Live to learn, and learn to live, in fullness of life'

Forest Fridays.

The children in our youngest classes enjoy a 'Forest Friday' in our own developed Forest area. They enjoy making mud pies, playing in the mud kitchen, digging the soil and hunting for bugs.

They have also been planting little viola plants this morning to cheer up their outside spaces. They enjoyed scooping the compost into the pots.

They also did some Forest Bathing. This is when they find ourselves a little space in the garden and stand, sit or lie down and just listen, think, feel calm and still. They said it helps them with their wellbeing. The children thought they did actually feel nice and relaxed after they had done this little task.

Hot Chocolate.

The children love their hot chocolate to finish the afternoon!

Planting.

The children made little paper cups and planted broad beans, sweet peas and acorns.

Mud Pancake Recipe.

The children have written their own mud pie recipe. They have displayed them in their forest.

GOSH Fundraising continues...

The GOSH group of children have continued with their fundraising efforts this half term too. They held a cookie sale on January 26th after school.

To date we have raised a wonderful £459.20 which is halfway to our target of £1000 this year!

This is to say thank you to the staff of GOSH for their wonderful care for one of our year 6 children throughout her time here at Tudor.

Greek Salad Day!

As part of their topic about 'The Greeks', the children in year 6 made their own Greek salads and enjoyed a late lunch in the hall. They even made their own flat breads!

They included olives and Feta cheese. These were new tastes for some children but it was a very popular lunch!!

The children took great care with their presentations of their salads. Some very creative chefs!!

World Book Day Waterstones Visit.

The Reading Ambassadors from Tudor went to Waterstones in town to use some World Book Day tokens and buy some new books for us to enjoy reading back at school. They enjoyed their visit enormously, were exceptionally polite and proudly brought back some new books for us.

The children enjoyed reading the books as well!

Second Whole School Art Day.

The children across the whole school are enjoying learning about the painting 'The Girl With The Pearl Earring'. We held our second art day on Monday 26th February where we all investigated the technique of under painting.

These apples were painted by some children in lower key stage 2. They are stunning!
